THE PETRIFIED WOMAN

Still on Exhibition Next to the Hotel Clegg

REALLY A SCIENTIFIC WONDER

The Interesting and Instructive Exhibit Closes To-Night and Should be Seen by Everyone.

The town topic just now is the petrified woman. The exhibition is at the room, next to Hotel Clegg. All who have been in to see the wonderful curiosity, pronounce it genuine and worth ten times the price of admission. Men of national reputation, all over the country, attest to the body's genuineness.

The entire anatomy is in perfect state of preservation; scientists who have examined the best specimens of petrified human remains on exhibition in the great museums of the old world, pronounce this body, by far, the most perfect petrification ever discovered. Our people should avail themselves of the opportunity of seeing this remarkable specimen before it is too late. Let the children see the educational wonder. It is something they will never forget and a subject that admits of a great deal of study.

THE SEA WAIF.

Presented By The Woodard-Warren Company Last Night.

Owing to the inclement weather and the concert at the Normal the Academy contained a rather small crowd last night to see the "Sea Waif" by the Woodard-Warren Company.

Mr. Jack Kett, as Joe, the sea waif, was a success, while Miss Sadie Handy as Patty Lavrock, was the star of the evening. Mr. McGrath, as the villian was not the success he was in the performance night before last.

The plot running through the play was fairly well carried out, and altogether the performance was enjoyed and appreciated. In drama this company is not altogether the success that it is in comedy. Their visit to this city will be pleasantly remembered by by theatre going people. We are pleased to say their shows have thus far been entirely free from the course specialties and vulgarity which characterize so many.

Tonight closes their engagement here with a vaudeville performance.

NEW FORM OF SENSATIONALISM.

Toy Balloons Used in the Pulpit to Illustrate a Sermon.

Rev. J. H. Dennison, of the Church of the Sea and Land, New York, preached Sunday night on "The Causes that Keep Men Down," and illustrated his sermon with toy balloons. A white balloon bobbed up from behind the pulpit and was permitted to ascend to a certain height. By this Rev. Mr. Dennison illustrated that many men rose to a certain position in the world, but never got any higher. Something kept them down. That something the preacher concealed from view for a time. Finally, however, he revealed the weight at the end of the string to the balloon. It was a pair of handcuffs.

Bill Day Guilty.

A special from Winston to the News and Observer of this morning says that Bill Day, colored, was put on trial today for his life for killing his sweetheart September fifteenth by striking her on the neck with his fist.

After hearing the evidence of three State witnesses the Solicitor agreed to accept a verdict of manslaughter. This was agreed to by the counsel for the defense and the jury rendered the verdict without leaving their seats.

Judge Starbuck, it is thought, will send Day to the penitentiary for ten or fifteen years.

DAUNTLESS AT IT AGAIN.

And Another Claim For Damages Will Result.

BLANCO'S DISPATCH TO MADRID

The Old Chestnut About the Pope's Heath Revived--Blowing Up Barcelona With Bombs.

By Cable to THE TELEGRAM.

Madrid, Dec, 4—The Spanish government has semi-officially announced that it has received notice of the landing of an expedition in Cuba from the American filibuster Dauntless. It is understood that the Spanish minister at Washington will soon present to the State department a claim for damages against the United States in this connection.

The minister of colonies Moret has received from Marshall Blanco a dispatch saying: "I have today sent the following telegram to our Minister at Washington: There is no need for foreign help for the wants of this island or its inhabitants. The Government from its own resources is endeavoring to provide for the necessities, the need of which moreover is diminishing daily."

THE POPE IN POOR HEALTH.

By Cable to THE TELEGRAM.

London, Dec. 4—A dispatch from Rome announces that the Pope has not been enjoying good health lately. His attending physicians have been compelled to adopt special precautions against the weather. He takes hot sand baths.

ANARCHISTS AGAIN?

By Cable to THE TELEGRAM.

Barcelona, Dec. 4—Great excitement was last night at the village a Monistral, Calatonis, twenty-seven miles northwest of this place by an explosion of four bombs. No damage was done and there were no casualties.

A RARA AVIS.

An Arctic White Owl Killed in Hyde County.

From Col. Old's Observer correspondence we clip the following:

A very rare bird in North Carolina is the snowy, or Arctic owl. So far as recorded only two have ever been killed in this State; one in Guilford county several years ago and one last Tuesday in Hyde county. The latter was shot during the day by a gentleman, who sent it to the museum. It is in fine condition, pure white as to plumage, save a faint brown tint on part of the wings, and measures five feet from tip to tip. Its habitat is the Arctic circle and its particular prey the great snowy hare. Sometimes in the winter these birds make flights as far to the southward as Long Island.

Old Hand at the Bellows.

Sheriff Callaway, of Watauga county, yesterday brought one convict to the penitentiary. He is sentenced for five years for stealing a yoke of oxen. He is by no means a stranger to prison life, having only last spring completed a ten-year term. He is a white man and only 18 years old. No doubt he is glad he was brought here in time to join in the Christmas festivities which Capt. Smith is said to be preparing for his convicts.—News and Observer.

Will Break the Record.

The present year will prove a record breaker in Buncombe county in respect to marriages. Last year the number of licenses issued aggregated 360. Register Beachboard's year does not close till next Monday and already there have been 405 licenses issued. Last December was a blue ribbon month, the total being 62—12 of which were issued in one day. It is scarcely expected that this December will go above that record.—Asheville Citizen.

Accusing Jerry Simpson.

Topeka, Kan., Dec. 3—W. F. Brown, a populist member of the legislature, in a statement today, charges United States Senator Harris and Congressman Jerry Simpson with collusion with the railroad lobby last winter to defeat the Maximum freight bill which Brown and Governor Leeds wanted to pass.

Brown says that $5,000 was offered to him to stop his fight. He says Harris and Simpson sold out the people's party to the railroads.

HE LOOKED GUILTY.

And Turned Out to be an Escaped Convict.

The Salisbury correspondent of the Charlotte Observer says:

A guilty looking negro arrived in Salisbury last night on the southbound train. His appearance and demeanor were such as to excite suspicion. His right hand was bleeding a wound. The man was arrested by officer James Mowery at the depot almost as soon as he set foot udon Salisbury soil. He gave his name as Septer Johnson, and said the wound was made by a pistol in the hands of a man in Greensboro. He would not talk further.

It was discovered today that Johnson had on under his citizen clothes, the convict garb. He was tried before Mayor Linn this afternoon before this last fact had been ascertained, and placed in jail to await the next term of the superior court.

This afternoon Sheriff Monroe was notified that Johnson was an escaped convict from Wake county.

After the discovery of his convict clothes, Johnson confessed that he had been sent to the workhouse for shooting a man.

GRIGGS FOR SURE.

The Report of His Appointment Confirmed Authoritatively.

By Wire To THE TELEGRAM.

Washington, Dec. 4.—From a source of authority which is undoubted it has been learned that the attorney generalship will be offered to Governor Griggs when McKenna is nominated to the bench of the Supreme Court. Griggs' appointment was urged by Hobart. Owing to the absence of the President it is impossible to confirm this statement absolutely.

A CENTURY OF SINGLE BLISS.

Massachusett's Oldest Old Maid Died at the Age of 100 Years.

Boston, Dec. 2—Miss Susan Wesson died of old age this morning at her home, 58 Ruggles street. She was 100 years, 4 months and 7 days old, and was the oldest unmarried woman in Massachusetts.

She was born at Cambridge and was the oldest of four sisters. About forty years ago she removed to Roxbury. Her father died more than half a century ago and her mother about forty years ago. She broke her hip by a fall about ten years ago, and for the last four years she was confined to her room. She retained all her faculties to the last, and could read and sew without glasses. At the 100th anniversary of her birth she greeted more than 100 callers. Her kindness and charitable deeds were felt in many quarters.

AIDING LUETGERT WITHOUT PAY.

Lawyer Luther Laflin Mills Guides the Defense of the Sausage Maker.

Chicago, Des. 3—Luther Lafling Mills is acting as Luetgert's associate counsel. This statement is made on the authority of Attorney Harmon, chief counsel for Luetgert. Mr. Mills is receiving no pay for his services, and is actuated wholly by humanitarian motives. He has not appeared in court yet, but every movement made by the defense has been considered and discussed with the famous criminal lawyer. When the closing arguments are reached Luther Laflin Mills is likely to figure publicly as a pleader for the prisoner. The work of obtaining a jury proceeds slowly. But four jurors have as yet been accepted by both sides.

His Bride Cost One Man's Life.

St. Louis, Dec. 3.—Edwin S. Varnell and his bride, Kathryn, left tonight for Cleveland, O., where they are to live. Their marriage yesterday at Palmyra, Mo., recalls one of the most sensational tragedies recorded in Missouri. Last summer Daniel Rose caught Dr. J. W. Norris in the room with his daughter Kathryn after midnight.

In the scuffle that followed Rose was worsted. A few days later Rose shot and fatally wounded Norris. He himself was wounded in the right arm. Norris died several weeks later. The Palmyra authorities refused to prosecute Rose. Varnell has known his wife for six years. He espoused her cause at the time of the Norris shooting.

ELEVATOR BLOWS UP.

By Wire to THE TELEGRAM.

New York, Dec. 4—The floating elevator Columbia, owned by the International Elevating Company exploded this morning. The flames spread quickly and the elevator was almost entirely wrecked. The crew had a narrow escape from death. An examination showed that the machinery is in good condition. It is believed that the explosion was due to the igniting of dry grain dust. The vessel was floated into deep water and allowed to sink.

PRESIDENT'S MESSAGE.

It is About Completed But is in Canton, Ohio, for Revisal, Etc.

Washington, Dec. 3.—Although the message to Congress of President McKinley was nearly or quite completed when he went to Canton to attend the bedside of his supposedly dying mother, it is not thought it will be sent to Congress on Monday, unless the President returns to this city by that time. He is now engaged in revising it and putting on the finishing touches. Under such circumstances the Congress would meet adjourn from day to day, etc., as is usual in such cases. The message is complete in the final revised proofs for the official copies to go to the Senate and House, but is not signed by the President yet.

RODE A RACE FOR LOVE.

Jockey Jones Won the Race but Must Wait a While for His Bride.

San Francisco; Dec. 3—Jockey Eddie Jones rode a race for love on the opening day of the race track across the bay, but though he won the race he has not yet got the bride. He fell in love with the daughter of Dr. Rowell, a prominent horseman, who owns Satsuma and other speedy horses. The girl accepted his proposal, but her father objected because Jones was too young and too poor. Finally he made a compromise.

If Jones would ride Satsuma, who was coming from Minneapolis, and win the race, the doctor said he would be put on the basis of a preferred suitor. Jones rode the horse for all he was worth and won, but the doctor has told him he must now wait a reasonable time before claiming his bride.

Facts Worth Studying.

If the Southern Stock-Mutual pays no larger dividends than the 20 per cent. now paid, and the business increases during the next seven years in the same ratio it has increased during the last three years, the actual saving for the ten years to policy-holders in North and South Carolina will be $194,822.00, and to the policy-holders in Greensboro alone, $26,237.00. Besides this the Company's assets (reinsurance reserve and surplus) represented by still larger figures will be kept at home and invested in the state. What better investment can the public make than by upholding an institution like this?

THE SUN ON CROKER.

Among the many and various views being expressed with regard to Tammany Hall, it is worth the while to consider the following from the New York Sun:

The report that Richard Croker will resume the nominal, as well as the real, leadership of one of the most wonderful political organizations in the world, by becoming again the chairman of its finance committee, ought to gratify both the friends and the foes of Tammany.

Tammany is about to begin, for good or for evil, an entirely new chapter of experiment and effort. Those who hope for its success in the great experiment of governing acceptably the second city in the world, not less than those who are praying for the failure and downfall, will be glad to have the real Tammany chieftain in a place where the laurels or the bricks will fall directly upon his head.

Mr. Croker is a man of courage. He is not a man to dodge or shirk proper responsibilities.

The Sun has had exceptional facilities for studying both Tammany and Richard Croker and small reason for wasting love on either. Still it would seem that there must be some bias in this matter.

No, Mr. Croker is not a man to shirk responsibilities. On the contrary, he inclines to court them. He would not mind the responsibilities attaching to a seat in the Senate falling upon his shoulders. All the same, it was a sad day for New York when it gave him a lift into the saddle.

The Emperor of China has at last gotten on his ear. He was walloped by Japan and then mulcted to the tune of many millions for it; he has been brow-beaten by England; he has sat up o'nights watching Russia; now comes along Germany and steals a whole seaport in return for one measly little missionary. No wonder his almond-eyed nibs waxes wroth and kicks.

Mr. Marion Butler is pleased to term all those papers that published his libel on the white men of the state "gold and negro organs." If there be any respectable number of negroes in the state that would pin their faith to the sheet of the senatorial maligner they are different from the negroes dwelling hereabouts.

That the report of an important insurgent victory in Pinar del Rio should have leaked out without a counter blast in the shape of a Spanish triumph shows how immeasurably inferior to that of his predecessor is Blanco's generalship.

Senator Butler has been so busy getting affidavits this week that he does not unearth one single gigantic conspiracy against the "people."

Kansans may regard that earthquake as verifying the old pagan proverb that the gods envy mortals who are over-prosperous.

It is odd what an amount of squirming a few brief affidavits can bring about.

SATURDAY'S LITERARY CHAT.

[All books and magazines mentioned below may be had at Wharton's book store.]

A book that is attracting a good deal of attention just now and one concerning which there are many rumors, is "The Descendant." It is an anonymous story, the author of which is said to be a young society woman of Richmond, Virginia. As to the truth or falsity of this rumor the reviewer is not prepared to speak. If it be true, the young woman is a rather extraordinary one. It is an extraordinary book.

***

The scene of the story is New York City, though it begins in the country and in a way that strongly suggests David Grieve. As a matter of fact the whole book suggests that powerful novel more strongly than any other. There is the same vividness and the same pitiless realism, only it lacks the finish of Mrs. Ward's book. There is an amateurishness here and there that suggests youth as an individual or a writer. There are passages betraying a marvellous insight and the reader says "the writer must be old," and then there will come a passage so unmistakably the product of the exuberance of a youthful imagination that the reader says "the author must be young," and the latter opinion would be correct.

***

There is a suggestion of Stephen Crane in the author's striving after color and a suggestion of Madam Sarah Grand in the swing of the style and if you add an equal part of Mrs. Ward you have a pretty fair idea of the book. The talk about "protruding brows" and "flashing eyes," etc., is inclined to make one smile but in other passages there is a grasp of verities that makes one marvel. It is a book suggestive of the child one sees occasionally, young and yet old, prematurely serious, with all the grave ways of an adult at ten.

***

There is humor, too, excellent humor in places, but there is a seriousness born of coming tragedy, and hopelessness in the end. It is not a cheerful book but it is powerful—with the power of youth, be it understood. If the author is not beyond twenty six there is no reason why books should not follow comparable to "Marcella," to "Tess" and incomparably better than the "Manxman" or the "Christian."

***

Michael Akershem, deprived of the taint of a stage hero, is one of the most striking creations of recent fiction. He is somewhat overdone, but for all that he is very human. The heroine of the book, Rachel Gavin, is strongly and clearly drawn to start with but the author forgets the first portrait and makes her over before the end of the book. Yet she is always strongly a woman.

***

The Descendant is worth reading. That is saying much. There are faults, so glaring as to be humorous, there is amateurishness and at times an ineffectual point of view, but in spite of it all the book will take hold of and impress the reader. It has raw power.

***

The Christmas Harpers contains beside the poem noted last week an excellent selection of articles, poems, stories. "Spanish John," the story of "Bonnie Prince Charlie", end in a most inadequate fashion, weakly, tamely even dully. And it was a good story to start with. Richard Harding Davis, changes from the Gracco-Turkish war to the Queens Jubilee which he sees through the glasses of Richard Harding Davis. The Jubilee is stale and the article contributes nothing toward a clear grasp of its significance. Too much Davis and too little Jubilee. Charles Dudley Warner contributes a delightful little dog story and Mary Hartwell Catherwood an Indian Tale.

***

The Wake Forest Student for December is an excellent number. It opens with "In London Cemetery," a poem of merit, which is followed by the able address of Prof. W. L. Poteat on "The Child as Teacher." J. W. Bailey, editor of the Biblical Recorder, contributes an article on the "Power of the School." The paper is able enough, though to its conclusions the reviewer must emphatically dissent.

***

Hon. C. H. Mebane writes forcibly on the "Duty of Our Colleges to Public Schools"—a subject that deserves the earnest thought of every college man. Prof. Jno. A. Simpson, writes on the "Education of the Blind." G. W. Paschal, himself a finished Grecian, on "Are Greek and Latin Worth While?" "Youth Farewell," a poem showing poetic instinct, the "Haunted Mill," a story, and "Good Night," a sonnet, complete the number. The latter is excellent. It is difficult to see why poetry has not been more cultivated in our colleges.

HARRIS' LITHIA WATER

OF SOUTH CAROLINA.

Contains More Lithia than any Natural Lithia Springs Water on the market. There are a great many so-called Lithia Waters on the market whose analysis show that they contain only traces of lithia. It seems that if you wish a Lithia Water you should examine the analysis of the waters and find out how much they contain. The analysis of Harris Lithia Water was made by the noted R. Ogden Doremus, M. D., LL. D., Professor of Chemistry and Physics, College City, of New York. If the Harris Lithia Water is not Superior to any other water on the market, do you think that the following noted physicians from all parts of the country would give their testimonial, stating that it was? They have no interest in the Harris Lithia Water.

After a long and varied experience in the use of mineral waters from many sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of afflictions of the Kidney and Bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

Columbia, S. C., Oct. 8, 1892. A. N. TALLEY, M. D.

Mr. J. T. Harris:—Dear Sir: I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine, who has suffered for years with Diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long continued use of the same waters at home. Others of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases. Very respectfully yours,

THOMAS S. POWELL, M. D., Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Jos. Jones, of Tulane University, of New Orleans, has to say in regard to the virtues of Harris Lithia Water:

New Orleans, La., Aug. 13, 1894.

Harris Lithia Water Co., Harris Springs, S. C.:

Gentlemen—I have used, with great benefit, the case of water sent me, and regard it with favor, being highly charged with Lithia.

Respectfully, JOS. JONES, M. D.

June 12, 1893. Mr. J. T. Harris, Harris Springs, S. C.:

Dear Sir—I have used the Harris Lithia Spring Water for the past year in all renal troubles, with prompt and efficient effect. In gouty and rheumatic troubles I consider this water superior to the Buffalo Lithia Spring water. I suffered from an attack of rheumatism for eight months, during which time I drank the Buffalo Lithia water constantly for four months without effect. In November last I had a case of Harris Lithia Water sent to me, and after drinking it for about three or four weeks, the pain and stiffness left my limbs and I have not been troubled since. I feel that I can safely recommend the Harris Lithia Water. Respectfully.

Savannah, Ga. R. B. HARRIS, M. D.

"The Harris Lithia Water is, in my opinion, unexcelled for those ailments requiring the salts it contains. THEO. LAMB, M. D.

Professor Diseases of Chest and Principles of Medicine, Medical Department, University of Georgia.

Asheville, N. C. April, 24, 1893.

An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty Diseases afford me more comfort than either the Buffalo or Londonderry Waters. Very truly yours,

JOHN HEY WILLIAMS, M. D.

Atlanta, Ga., April 20, 1897.

I have used for sometime Harris Lithia Water in my family, and also with my patients, and find it is the best Water I ever used in catarrhal condition of the uretus and bladder. It is also a good diuretic Water.

G. G. ROY, M. D.

Charleston, S. C., Sept. 20th 1893.

Mr. J. T. Harris:—Dear Sir: I am constrained to send you this testimonial of the efficacy of the Harris Lithia Water. The value of the testimonial may be enhanced from the fact that it goes to you unsolicited. As a friend of humanity, I feel bound to withhold my knowledge of its virtues no longer. I have been using the water for more than a year with marked benefit. To any one troubled with kidney disorder, it is the remedy par excellence. I prefer it to the Buffalo Lithia Water. Very truly yours,

A. C. KAUFMAN,

President Vanderbilt Benevolence Association of Charleston, S. C.

Mr. J. T. Harris, Proprietor Harris Lithia Springs:

Dear Sir—While it is contrary to my custom to give testimonials to remedial agents, I feel free to attest to the efficacy of the Harris Lithia Water (when used in large quantities) in the Rheumatic and Gouty Diatheses; in Inflammation of the Bladder, and in all cases where there is an excess of solids in the urine. Yours respectfully,

Columbia, S. C. GEO. HOWE, M. D.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saline taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly upon the mucous coating of the stomach and alimentary canal, they are powerfully alterative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In Indigestion, Catarrh of Stomach and Gastralgia, supplemented with a proper diet they are a certain cure. The action upon the kindneys is marked. The Sodium, Potash, Soda, Lithia, are the best solvents of uric acid, all calculi of an acid character, whether litary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required.

Respectfully,

Waterboro, S. C., April 19, 1892. J. Q. WILBUR, M. D.

Camden, S. C., Aug 24, 1893.

Mr. J. T. Harris: Dear Sir: I enclose you in this letter several small pieces of calculi passed by a patient of mine, who has been taking the "Harris Springs Water" for the past eighteen months. This gentleman has been a sufferer for two or three years with Cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris Spring Water a most excellent remedy in the Uric Acid Diathesis, also in Chronic Dyspeptic troubles.

I am, yours respectfully, A. W. BURNET. M. D.

Chester S. C.

Dear Sir: For the past eight months I have been using Harris Lithia Water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in Gastric disturbances. It is an excellent table water. It is a pleasant laxative, and is a sure cure for flatulent dyspepsia. S. M. DAVEGA, M. D.

Atlanta, Ga., April 24, 1897.

Mr. J. T. Harris, Harris Springs, South Carolina:

Dear Sir: I have found Harris Lithia Water an exceedingly valuable remedy for persons suffering from Kidney and Bladder Troubles. Therefore take pleasure in recommending it. Respectfully,

JAS. F. ALEXANDER, President Board Health.

Baltimore, June 24, 1896.

J. T. Harris, Esq., Harris Spring, South Carolina:

Dear Sir: I have been using Harris Lithia Water for sometime, and I will say to you that in my opinion that the Harris Lithia Water that is by far the best Lithia Water that I have ever used, and that it has done me a great deal good, and I think it a most valuable remedy.

R. C. HOFFMAN, Pres. S. A. L. R. R.

Atlanta, Ga, April 20. 1897.

Harris Lithia Water Co.,

Gentlemen:—I have used Harris Lithia Water for the past two years and find it a most excellent remedy for dyspepsia and other stomach troubles. I cheerfully recommend it CHAS. M. NEEL, Pres. Ga. Military Institute.

A Fair Proposition.

We will guarantee that one glass of HARRIS' LITHIA CARBONATED WATER will relieve any case of indigestion in one minutes' time or money refunded, or if taken after each meal will cure the worst case of indigestion. You say what the noted Dr. Davega, of Chester, S. C., has to say in regard to it, and there is not a physician in South Carolina who stands higher in the profession than he does, and besides you lose nothing by giving it a trial, as our agents are authorized to refund the money to any responsible person who will not admit that he was benefited by it.

KILLED FOR A DEER.

Farmer Gray the Thirteenth Victim of he Season in Maine.

Pittsfield, Me., Dec. 3.—For the thirteenth time since the hunting season opened last September a man was mistaken for a deer and shot dead in Detroit.

The victim was Dana M. Gray, a farmer of Plymouth, and the hunter who shot before he looked was Benjamin R. Cross, of Detroit.

Both men were out hunting deer on the newly fallen snow and were following tracks when Gray came upover the brow of the hill, about 100 yards from Cross, who raised his gun and fired.

Gray threw up his hands and fell dead on the ground, with a 45-calibre bullet through his heart. He was picked up by George A. Small, who was just behind him, but life was then extinct.

The coronor decided that the shooting was purely accidental and that no inquest was necessary.

Cross, who is regarded as eccentric, has been almost demented since the accident, and it has been necessary to use force to prevent him from taking his life.

THE CONCERT.

A Full House Hears the Company Last Night.

Despite the rain and mud the large hall at the Normal College was well filled with music lovers last night. They were not disappointed. The program previously printed was rendered by finished artists. Every number was encored and some of the artists were compelled to respond two or three times to the thunderous applause of the delighted audience.

The concert opened with an excellent piano solo by Miss Godfrey, which was encored. Miss Lester, the soprano, has a voice of good compass and exquisite clearness. Mr. Rawson-Wade responded to two encores, giving as one the highly humorous parody of an oratoria. Miss Hughes' harp solo was also encored twice and she was an evident favorite with the audience. Miss Appy's 'cello solo was encored twice. This company can be assured a full house whenever they may choose to play to Greensboro people again.

Kansas City Doubles in Size.

Kansas City, Dec. 3—The proposition to extend Kansas City's boundaries so as to comprehend the city of Westport and the towns of Centropolis, Sheffield and Manchester was submitted to the people today and passed.

Kansas City's area is increased from thirteen to twenty-six square miles, and its population is 25,000 greater today than it was yesterday. By the city directory's estimate the population is now over 190,000.

Suing Sam Small's Daughter.

Sam Small, agaiust her husband, Stewart Ford, who will it is said, come into about $75,000 when his father's estate is settled up, Frank E. Anderson of Alexandria, Mrs. Ford's counsel, today entered suit against her for $600 for proffessional services in the case.

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, coughs and colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home as in it we have a certain and sure cure for coughs, colds, whooping cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at C. E. Holton's drug store.

Groom 27; Bride 60.

Cleveland, Dec. 3.—Fred E. Harris, clerk at the Van Doorn iron works, was married last night to Mrs. Hattie E. Knowles, of 202 Outhwaite avenue. There is a difference of just thirty-three years in the ages of the bride and groom. Mrs. Harris is 60 and rich, while the groom is 27. He does not appear to be much over 20. Both are prominent church workers. Mrs. Knowles has been acquainted with her young husband nearly all his life. As a child he was a favorine of her former hasband, and afterward lived with them at 1 Paddock place and 1103 Woodland avenue. Mrs. Knowles had been a widow for a little more than two years

This is to Certify

that a few years since, while living in a malarial district, I suffered dreadfully with chills, which it seemed impossible to break. A friend urged me to try Mrs. Joe Person's Remedy. I did so, and by the use of a few bottles they were entirely broken broken, and I have not been troubled with them since. I also found it an excellent nervine.

The nursery and packing force of the Pomona Hill Nurseries were given a supper at Hotel Clegg last night by Mr. J. Van Lindley. There were about fifty of the party present, and the generous act of their employer, no doubt, met with due appreciation. They have done faithful and efficient service in the packing season just closed, and their services were fittingly remembered in this manner. It is such occasions as these that make life doubly worth living for the laboring man, and they do not come any too often.

The Minstrels Coming.

The management takes pleasure in announcing that the famous Fields & Hanson's Minstrel Stars and Grand Concert Band will present their matchless entertainment at the Academy of Music next Wednesday night. Although this will be their first visit here, a splendid show may be looked forward to, for they have been strongly indorsed everywhere they have appeared since their opening early last August, in fact it has been acknowledged to be one organization of this class that is absolutely in pace with the calendar, not only discarding all moth grown minstrel ideas, but boldly comes forward presenting a program of absolutely new features from start to finish, embodying the services of 30 minstrel celebrities; and so there is something new under the sun.

Notice.

The orchestra will practice on Thursday and Saturday nights until we hold our carnival. Full attendance desired.
